## ALICE IN SARASOTA COUNTY

**ALICE** is an acronym for **A**sset Limited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county. While conditions have improved for some households, many continue to struggle, especially as wages fail to keep pace with the rising cost of household essentials (housing, child care, food, transportation, health care, and a basic smartphone plan). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

It does not include savings for emergencies or future goals like college or retirement. In 2022, household costs in every County in Florida were well above the Federal Poverty Level of \$13,590 for a single adult and \$27,750 for a family of four.
